All about my Translation services

Document format:

For me to translate your document or pattern you must send it to me by email in Word format. If it is in a different format it would have an additional cost. When I finish the translation, I will send it back to you in Word format too.

Delivery time:

The delivery time will be mutually agreed, but will never be more than 1 week in the case of a pattern or document with not too many pages.

Each case is different, depending on the number of words in the document and whether or not the layout needs to be done or not.

In many cases only a few hours are enough to do the translation. Depending on how many words and the difficulty of the pattern or text you can have it in 3 days or 1 week.

Services Cost:

The cost of the translation depends on the number of words to be translated.

The cost per word to translate is 0.05€. To find out how much your translation will cost just multiply the number of words by 0.05€.

Do I have to pay for every word in my document?

No, you do not have to pay for all of them!

- Crochet abbreviations are counted only once in the whole pattern.
- Numbers are not counted as words.
- Phrases that appear several times are only counted once.

How much to pay for me to layout your crochet pattern?

Once the translation of the crochet pattern is ready I can layout it for you with PowerPoint and deliver it to you in two formats: PDF which will be ready to publish and in PowerPoint format too in case you want to make any changes.

To do this you must provide me with the photos, give information about your style (or your style sheet if you have one) and if you have any pre-designed template for your patterns.

To layout of a pattern if you provide me with your template: 20€.

To layout of a pattern without your template: 40€.

We can always agree and negotiate prices according to your situation and what you want as a result.

How to pay me?

The method of payments can be: PayPal, bank transfer or Bizum if you are in Spain.

Payment will be made in advance or you can choose to pay half of the payment in advance and the other half when I finish my work.
